DIGEST OF PUBLIC LAW 85-812

FOREST LAND EXCHANGE WITH ARIZONA COLLEGES. Authorizes the Secretary of Agriculture to exchange or sell about 349 acres of national forest land and improvements located on the outskirts of Tuscon, Arizona, to the Board of Regents of the University and State colleges of Arizona. If exchanged, the land conveyed to the U. S. must be within a national forest in Arizona and have a value at least equal to the lands and improvements conveyed to the Board. If sold, the property would be sold to the Board at 50 percent of the appraised value and upon condition that the property be used for research or educational purposes or revert to the U. S., if such use ceases. Requires the Board to enter into an agreement, as a further condition of sale, to continue providing building space and facilities for the work of this Department.

the Department concerned to make intra-departmental transfers between such limitations. When an appropriation is subject to such a limitation, there shall be charged against it the cost of assets received, payments made and becoming due, and other liabilities becoming payable. At the end of the fiscal year, any unused balance of the limitation shall lapse, except that payments may be made for liabilities incurred within the limitation during the fiscal year for which the limitation was provided. Obligations incurred during the fiscal year concerned, which do not become payable during that year, shall be paid out of the limitation in effect when the obligations become payable. It shall be in order to include accrued-expenditure limitations in appropriation bills that apply to funds previously appropriated. It shall be in order to include, in any appropriation bill, provisions authorizing departmental transfers of unused portions of accrued-expenditure limitations.

Sen. Hayden submitted an amendment to make effective the requirement for accrued-expenditure estimates only if the item is available for obligation for more than 1 year. After debate, the yeas and nays were ordered on the amendment. Sen. Hayden then withdrew his amendment. pp. 14393-5

Sen. Fulbright stated that the Senate had power to initiate expenditure bills and that the Constitution only requires that direct revenue measures, not appropriations, begin in the House. He defended public debt transactions as a financing method and referred to provisions of capital funds for CCC, Public Law 480 operations, etc., as examples. pp. 14379-80

17. INFORMATION. Passed without amendment H. R. 2767 (in place of S. 921, an identical bill), to amend Sec. 161 of the Revised Statutes to state that this section does not authorize the withholding of information or limiting the availability of records to the public. This bill will now be sent to the President. pp. 14356-67
18. WATER DEVELOPMENT. Passed without amendment H. R. 13138, to amend the Coordination Act so as to provide more effective integration of fish and wildlife conservation programs with Federal water development programs. This bill will now be sent to the President. pp. 14381-2
19. PERSONNEL. Passed with amendment H. R. 4640, to amend the Civil Service Retirement Act to permit persons transferring to non-Act positions to retain voluntary contribution accounts. Agreed to a committee amendment to clarify the provisions permitting withdrawal of contributions at any time prior to the receipt of annuity payments. pp. 14367-71
20. FORESTRY. The Interior and Insular Affairs Committee reported without amendment the following bills:
 - S. 3682, to authorize the Secretary to convey certain national forest lands in Ariz. to the Univ. of Ariz. (S. Rept. 2070);
 - H. R. 6038, to authorize transfers of land between the Sequoia National Forest and the Kings Canyon National Park, Calif. (S. Rept. 2079); and
 - H. R. 6198, to authorize the transfer of not more than 10 acres of land from the Sequoia National Park to the Sequoia National Game Refuge in Sequoia National Forest, Calif. (S. Rept. 2080). p. 14343The Interior and Insular Affairs Committee ordered reported without amendment S. 4053, to extend the boundaries of the Siskiyou National Forest, Ore. p. D769
21. BUTTER; MARGARINE. The Armed Services Committee ordered reported without amendment H. R. 912, to provide for the serving of oleomargarine or margarine in the Navy. p. D768

22. REA. Sen. Humphrey inserted the ruling of the Comptroller General of July 21, 1958, on the REA loan to Central Iowa Power Cooperative, which GAO claimed was not authorized by law on the basis that part of the service to be offered paralleled and competed with private industry. He criticized the ruling and asserted that it could have a highly detrimental effect on the REA loan program. Sen. Aiken spoke in favor of the REA program. pp. 14384-8
23. PERSONNEL. Received from the Interior Department a proposed bill "to permit variation of the 40-hour workweek of Federal employees for educational purposes"; to Post Office and Civil Service Committee. p. 14342
24. PUBLIC DEBT. Sen. Martin, Pa., inserted two editorials criticizing the size of the Federal debt, one urging reductions in expenditures to balance the budget and the other criticizing the failure to achieve budget surpluses in recent years of prosperity. pp. 14383-4
25. LEGISLATIVE PROGRAM. Sen. Johnson announced that following consideration of S. 4208, the space agency bill (which was the pending business), the Senate would take up S. 3185, to promote the conservation of fish and wildlife by requiring the Secretary of the Interior to approve certain Federal Power Act licenses. pp. 14395-6

ITEMS IN APPENDIX

26. FARM PROGRAM. Sen. Robertson inserted a newspaper editorial, "Return to a Sound Principle," which commended the farm bill as passed by the Senate, and stated that "the bill represents an important step toward helping farmers adjust their production to market demands instead of depending upon Government subsidies." pp. A6854-55
27. GOVERNMENT ETHICS. Sen. Neuberger inserted two articles discussing the need for establishing a code of ethics for Government service. p. A6855
28. ELECTRIFICATION. Rep. Evins inserted a statement by Rep. Baker on the reasons why the latter thought TVA should have a self-financing program. pp. A6857-58
Extension of remarks of Rep. Broomfield urging the defeat of S. 1869, to provide TVA with the authority to issue bonds to finance the construction of new generating capacity. p. A6878
29. SMALL BUSINESS. Rep. Springer inserted a newspaper editorial urging enactment of legislation to provide tax relief for small business. p. A6858
30. FORESTRY. Sen. Neuberger inserted an editorial from the American Forest magazine, "Sustained Yield Versus Continuous Growth," urging that S. 3051, the Klamath Indian land bill, include provisions for the future management of the forest lands involved on a sustained yield basis. p. A6861
31. TRANSPORTATION. Extension of remarks of Rep. Moore commending the House for passage of S. 3778, the omnibus transportation bill. p. A6862
32. CONSERVATION. Rep. Metcalf praised the work of Dr. Joseph W. Severy, who is retiring from his position as professor of botany at the Montana State University, and stated "he ranged far into the related field of wildlife and resource management to make a solid contribution to conservation throughout the Nation." pp. A6878-79

SALE OR EXCHANGE OF CERTAIN LANDS OF THE UNITED
STATES SITUATED IN PIMA COUNTY, ARIZ.

JULY 31, 1958.—Ordered to be printed

Mr. O'MAHONEY, from the Committee on Interior and Insular Affairs,
submitted the following

REPORT

[To accompany S. 3682]

The Committee on Interior and Insular Affairs, to whom was referred the bill (S. 3682) to authorize the sale or exchange of certain lands of the United States situated in Pima County, Ariz., and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE OF THE BILL

S. 3682 would authorize the Secretary of Agriculture to exchange or sell all or any part of about 349 acres of national forest land and improvements thereon, which are located near the city of Tucson, Ariz., to the board of regents of the University and State Colleges of Arizona. Under the exchange provision, the lands which would be conveyed to the United States must be within a national forest in Arizona and have a value at least equal to the lands and improvements conveyed to the Board of regents. Under the sales provision, the property would be sold to the board for a sum equal to 50 percent of the appraised value as determined by the Secretary and upon condition that the property be used for research or education purposes. Title would revert to the United States should the property cease to be so used. A further condition of the bill requires the board to enter into an agreement satisfactory to the Secretary to continue providing office space and other facilities for the work of the Department of Agriculture.

The land which would be conveyed to the board by S. 3682 was received by the United States from two sources: in 1940, the Carnegie Institution of Washington, D. C., donated 229 acres and 3 buildings thereon to the United States; in 1950, 120 acres was conveyed by the State of Arizona in exchange for other national-forest lands. Both the

donated and exchanged lands are a part of the Coronado National Forest. The lands donated by the Carnegie Institution had been used for 38 years as a site for a desert laboratory for research pertaining to desert vegetation. Following the donation, the Forest Service's Southwestern Forest and Range Experiment Station was located there until 1953 when it was consolidated with the Rocky Mountain Forest and Range Experiment Station at Fort Collins, Colo. Five additional buildings have been constructed on the property and are occupied by the Agricultural Research Service, the Tucson Research Center, and an office of the Coronado National Forest; a portion of the space is used by the University of Arizona under an agreement with the Forest Service.

The university wishes to expand its use of these facilities which are known as the Tumamoc Hill property. The Department of Agriculture's need for the property has diminished considerably and it no longer needs the entire facility. In that the University of Arizona is furnishing space for agencies of the Department in various parts of the State and the Tumamoc Hill property, because of its proximity to the university, is valuable to the university for educational and research purposes, the committee favors the enactment of this legislation.

The enactment of S. 3682 would not authorize or require the expenditure of Federal funds.

AGENCY REPORT

The favorable report of the Department of Agriculture is set forth below. The Bureau of the Budget has advised the committee that it has no objection to the enactment of S. 3682.

DEPARTMENT OF AGRICULTURE,
Washington, D. C., June 9, 1958.

HON. JAMES E. MURRAY,
*Chairman, Committee on Interior and Insular Affairs,
United States Senate.*

DEAR SENATOR MURRAY: Reference is made to your request of April 25, 1958, for the views of this Department on S. 3682, a bill to authorize the sale or exchange of certain lands of the United States situated in Pima County, Ariz., and for other purposes.

This Department recommends that S. 3682 be enacted.

The bill would authorize the Secretary of Agriculture to exchange or sell all or any part of about 349 acres of national-forest land and improvements thereon to the board of regents of the university and State colleges of Arizona. The national-forest land which would be exchanged or sold to the board is located in sections 10 and 15, township 14 south, range 13 east, Gila and Salt River base and meridian.

Lands which would be conveyed to the United States in exchange must be within a national forest in Arizona. They would become parts of the national forests in which they are situated and would be subject to all laws, rules and regulations applicable to lands acquired under the act of March 1, 1911 (36 Stat. 961). The bill would require that the lands conveyed to the United States in exchange have a

value at least equal to the lands and improvements conveyed to the board.

Lands sold to the board under the bill would be sold for a sum equal to 50 percent of appraised value as determined by the Secretary and the sale would be subject to the following conditions: (1) Future use of the property would be for research or educational purposes with provision for reversion of title to the United States if such use ceases; and (2) the board would enter into an agreement satisfactory to the Secretary to continue providing space and other facilities for the work of the Department of Agriculture.

Lands conveyed in exchange by either party or sold by the Secretary would be subject to other reservations, as both parties may approve.

The property of the United States, known as the Tumamoc Hill property, is located just outside the city limits of Tucson, Ariz., about 3 miles west of the city center. The land now owned by the Federal Government consists of about 229 acres donated in 1940 by Carnegie Institution of Washington, D. C., and 120 acres conveyed by the State in 1950 in exchange for national-forest lands. This exchange was made pursuant to the General Exchange Act of March 20, 1922 (42 Stat. 465; 16 U. S. C. 485), and the Act of August 15, 1949 (63 Stat. 607). The latter act also made both the donated and exchanged lands at Tumamoc Hill parts of the Coronado National Forest.

Before donating the property, the Carnegie Institution used it for 38 years as a site for a desert laboratory for research pertaining to desert vegetation. After the donation was made the Forest Service in this Department moved the headquarters of its Southwestern Forest and Range Experiment Station there. The station was located there until 1953 when it was consolidated with the Rocky Mountain Forest and Range Experiment Station, with combined headquarters at Fort Collins, Colo. A branch of the station, the Tucson Research Center, was then established on the site.

Three buildings were on the land when it was donated by the Carnegie Institution. Since that time other buildings have been added and other improvements made. Present improvements consist of 8 buildings, totaling some 10,000 square feet of office and laboratory floorspace, vehicle storage space, and appurtenances consisting of a water system, powerlines, roadways, walks, and fences.

Presently, part of the improvements and facilities at Tumamoc Hill are being used by both the Department and the University of Arizona. The university is using about 2,500 square feet of building space under a cooperative agreement with the Forest Service. Present use of the facilities by the Department is as follows: (a) About 1,100 square feet by the Agricultural Research Service; (b) about 2,000 square feet by the Tucson Research Center; and (c) about 3,000 square feet by the Coronado National Forest.

The University of Arizona is furnishing office, laboratory, shop, storage, and greenhouse space to a number of agencies in the Department. Thus, some 12,500 square feet of space is being provided to the Agricultural Research Service, Soil Conservation Service, and Agricultural Marketing Service. Of this, some 2,450 square feet is furnished by the university on its campus and the balance is located elsewhere in the State. In addition, about 180 acres of experimental

farmland is being made available to the Agricultural Research Service in various locations throughout the State.

The university wishes to expand its use of the Tumamoc Hill property but is hampered in developing the property to the extent needed because its occupancy is subject to a terminable agreement with the Forest Service. In order to go forward with a more complete program, the university needs to obtain title to the property. On the other hand, the Department's use of the property has diminished to a point where the Forest Service and the Agricultural Research Service no longer have need for the entire facilities located there. In addition, it has been determined that other agencies of the Department which function in the Tucson area have no need for the type of facilities located on Tumamoc Hill.

The land at Tumamoc Hill is part of the Coronado National Forest. By act of Congress, it is not subject to disposal under existing land exchange or other disposal authorities available to this Department. It is located far outside the main body of the forest and near the city. Through city expansion, it is attaining urban characteristics. In view of these circumstances, the Department would favor disposing of the property in order to make it available to the University of Arizona for educational and research purposes. The bill would permit this by authorizing a sale or exchange with the board of regents.

Because of the circumstances described in this report and the conditions of sale as set forth in the bill, the Department would have no objection to sale of the property for a sum equal to 50 percent of the appraised value. If a sale is made, continued use of the property for research or educational purposes would be required or title would revert to the United States. Also as may be agreed upon the university would continue to provide space and facilities for the work of the Department of Agriculture.

The Bureau of the Budget advises that there is no objection to the submission of this report.

Sincerely yours,

E. T. BENSON.

HOUSE

1. FARM PROGRAM. Debated under suspension of the rules S. 4071, the farm bill. At the request of Rep. McCormack further consideration of the bill was postponed until Wed., Aug. 6, after Rep. Martin asked for a rollcall on the bill. (pp. 14698-713) The bill had been reported with amendment earlier (Aug. 2) by the Agriculture Committee (H. Rept. 2356). (p. 14768)
2. FOOD STAMP PLAN; FARM LABOR. The Agriculture Committee reported (Aug. 2) with amendment H. R. 13067, to provide for the establishment of a food-stamp plan for the distribution of \$1 billion worth of surplus food commodities a year to needy persons and families in the U. S. (H. Rept. 2358), and H. R. 10360, to continue for 2 years the authority for the Attorney General to permit the importation of aliens for agricultural employment (H. Rept. 2357). p. 14768
3. BUDGETING. Rep. Taber objected to a unanimous consent request of Rep. Fascell to concur in the Senate amendments to H. R. 3002, the accrued expenditures budgeting bill. p. 14675

22. RESEARCH. Passed as reported S. 4039, to authorize the head of any Government agency now making contracts for research to grant funds for the support of such research. pp. 14623-4

23. PERSONNEL. Passed as reported H. R. 7710, to provide for the lump sum payment of all accumulated and accrued annual leave of deceased employees. p. 14626

24. MINERALS. At the request of Sen. Talmadge, passed over S. 4146, to provide for incentive payments for the production of certain minerals. p. 14626

The Interior and Insular Affairs Committee reported without amendment S. Res. 225, to extend until Jan. 31, 1959, the time for filing a report on the study of strategic raw materials in the Western hemisphere (S. Rept. 2175). p. 14546

25. FISHERIES; EXTENSION SERVICE. Passed as reported S. 2973, to establish a fishery extension service in the Fish and Wildlife Service to carry out co-operative fishery extension work with the States. pp. 14627-8

26. FORESTRY. Passed without amendment the following bills:

S. 3682, to authorize the Secretary to convey certain national forest lands in Ariz. to the Univ. of Ariz. p. 14629

H. R. 6038, to authorize transfers of land between the Sequoia National Forest and the Kings Canyon National Park, Calif. This bill will now be sent to the President. p. 14630

H. R. 6198, to authorize the transfer of not more than 10 acres of land from the Sequoia National Park to the Sequoia National Game Refuge in Sequoia National Forest, Calif. This bill will now be sent to the President. p. 14630

The Agriculture and Forestry Committee reported with amendment S. 4053, to extend the boundaries of Siskiyou National Forest (S. Rept. 2171). p. 14546

27. DEFENSE PRODUCTION. Began debate on S. 4162, to provide for the cancellation of certain uncollectible loans and operating losses under Title III of the Defense Production Act, to increase (in effect) the borrowing authority for the defense stockpile \$300 million. pp. 14631-2, 14644-50

28. MONOPOLIES. At the request of Sen. Talmadge, passed over S. 11, to amend the Robinson-Patman Act with reference to equality of opportunity. p. 14618

29. WATER RESOURCES. At the request of Sen. Talmadge, passed over S. 3185, to promote fish and wildlife conservation by requiring prior approval by the Secretary of the Interior of licenses issued under the Federal Power Act. p. 14623

30. ADMINISTRATIVE ORDERS. The Judiciary Committee reported without amendment H. R. 6788, to authorize the abbreviation of the record on the review or enforcement of orders of administrative agencies by the courts of appeals and the review or enforcement of such orders on the original papers and to make uniform the laws relating thereto (S. Rept. 2129). p. 14545

31. TOBACCO. The Agriculture and Forestry Committee reported with amendment S. Res. 334, to direct the committee to study marketing practices relative to loose and tied tobacco (S. Rept. 2163); which was then referred to the Rules and Administration Committee. p. 14546

The Agriculture and Forestry Committee reported without amendment H. R. 12840, to provide a single acreage allotment for Va. sun-cured and Va. fire-cured tobaccos if farmers vote approval in a referendum (S. Rept. 2162) p. 14546

The Interior and Insular Affairs Committee ordered reported without amendment S. 4009, to increase the amount authorized to be appropriated for the Washoe reclamation project, Nev. and Calif., and with amendment S. 3448, to permit the Secretary of the Interior to authorize increases in the 160-acre limitation on the Seedskadee Reclamation project. p. D789

SENATE

21. PRICE SUPPORTS. Sen. Proxmire criticized the cost of the present price support farm program and inserted an economic analysis of the cost of his bill, S. 2952, which concluded that it would be less expensive than the present program. pp. 14642-3

(48 U. S. C. 381), was considered, ordered to a third reading, read the third time, and passed.

STATUS OF CERTAIN PUBLIC LANDS, TERRITORY OF HAWAII

The bill (H. R. 10423) to grant the status of public lands to certain reef lands and vesting authority in the commissioner of public lands of the Territory of Hawaii in respect of reef lands having the status of public lands was considered, ordered to a third reading, read the third time, and passed.

HEADQUARTERS SITE FOR MOUNT RAINIER NATIONAL PARK

The bill (S. 2905) to authorize the Secretary of the Interior to provide a headquarters site for Mount Rainier National Park in the general vicinity of Ashford, Wash., and for other purposes, was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That in order to apply the present headquarters site in Mount Rainier National Park to public use for which it is more suitable and to provide an efficient operating base for the park, the Secretary of the Interior is authorized to provide a park headquarters in the general vicinity of Ashford, Wash., and for such purpose to acquire in this vicinity, by such means as he may deem to be in the public interest, not more than three hundred acres of land, or interest therein.

SEC. 2. The headquarters site provided pursuant to this act shall constitute a part of Mount Rainier National Park and be administered in accordance with the laws applicable thereto.

SALE OR EXCHANGE OF CERTAIN LANDS, PIMA COUNTY, ARIZ.

The bill (S. 3682) to authorize the sale or exchange of certain lands of the United States situated in Pima County, Ariz., and for other purposes, was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That all or any part of the national-forest lands comprised of 349 acres, more, or less, and being situated in sections 10 and 15, township 14 south, range 13 east, Gila and Salt River base and meridian, together with the improvements thereon, may be conveyed to the board of regents of the university and State colleges of Arizona, hereinafter called "board," a body corporate of the State of Arizona, for the use of the University of Arizona, by the Secretary of Agriculture, hereinafter called "Secretary," either (a) in exchange for lands to be conveyed to the United States by the board or by the State of Arizona, within any of the national forests in the State of Arizona, having a value at least equal to the lands and improvements to be conveyed to the board: *Provided,* That any lands conveyed to the United States under the provisions of this act shall thereupon become parts of the national forests in which they are situated and shall be subject to all laws, rules, and regulations applicable to lands acquired under the act of March 1, 1911 (36 Stat. 961), as amended, or (b) for a sum of money equal to 50 percent of the appraised value thereof, as determined by the Secretary, the conveyance to be made upon the condition that the described property shall be used for research or educational purposes and that if it ceases to be so used

the title thereto shall revert to the United States, which shall have the immediate right of reentry thereon, and upon the further condition that the board shall enter into such agreement as may be satisfactory to the Secretary to continue to provide suitable space and other facilities for the work of the Department of Agriculture as may be agreed upon. The lands conveyed by either party under (a) or by the Secretary under (b) may be subject to such other reservations, exceptions, and conditions as the Secretary and the board may approve.

PROCUREMENT AND SUPPLY OF GOVERNMENT HEADSTONES AND MARKERS

The bill (S. 3882) to amend the act of July 1, 1918, chapter 791 (24 U. S. C. 279a), providing for the procurement and supply of Government headstones and markers, was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That the first sentence of the first section of the act of July 1, 1948, chapter 791 (24 U. S. C. 279a), is amended to read as follows:

"That the Secretary of the Army is authorized and directed to furnish, when requested, appropriate Government headstones or markers at the expense of the United States for the unmarked graves of the following:

"(1) Soldiers of the Union and Confederate Armies of the Civil War.

"(2) Members of the Armed Forces of the United States dying in the service and former members whose last service terminated honorably.

"(3) Persons buried in post and national cemeteries.

"(4) Members of a reserve component of the Armed Forces of the United States, and members of the Army National Guard or the Air National Guard, whose death occurred under honorable conditions while they were—

"(A) on active duty for training, or performing full-time service under section 316, 503, 504, or 505 of title 32, United States Code;

"(B) performing authorized travel to or from that duty or service;

"(C) on authorized inactive duty training, including training performed as members of the Army National Guard or the Air National Guard; or

"(D) hospitalized or undergoing treatment, at the expense of the United States, for injury or disease contracted or incurred under honorable conditions while they were—

"(i) on that duty or service;

"(ii) performing that travel or inactive duty training; or

"(iii) undergoing that hospitalization or treatment at the expense of the United States.

"(5) Members of the Reserve Officers Training Corps of the Army, Navy, or Air Force whose death occurred under honorable conditions while they were—

"(A) attending an authorized training camp or on an authorized practice cruise;

"(B) performing authorized travel to or from that camp or cruise; or

"(C) hospitalized or undergoing treatment, at the expense of the United States, for injury or disease contracted or incurred under honorable conditions while they were—

"(i) attending that camp or on that cruise;

"(ii) performing that travel; or

"(iii) undergoing that hospitalization or treatment at the expense of the United States."

DEVELOPMENT OF INDEPENDENCE NATIONAL HISTORICAL PARK

The bill (H. R. 1244) to provide for the development, by the Secretary of the Interior, of Independence National Historical Park, and for other purposes, was announced as next in order.

The PRESIDING OFFICER. Is there objection to the present consideration of the bill?

There being no objection, the Senate proceeded to consider the bill.

Mr. CLARK. Mr. President, this bill, which comes from the Committee on Interior and Insular Affairs, provides for the development of Independence National Historical Park, in Philadelphia. By the act of June 28, 1948, certain lands were authorized to be acquired—by purchase, donation, or otherwise.

It is desired that certain additional lands be authorized to be acquired in similar fashion.

I have introduced Senate bill 4216 for that purpose; and my colleague from Pennsylvania, in the House of Representatives, Representative JAMES BYRNE, has introduced an identical bill, H. R. 12720. That bill has been approved by the House committee, and is supported by the administration, including the Secretary of the Interior.

I have just now cleared this matter with my distinguished friend, the junior Senator from Wyoming [Mr. O'MAHONEY], who represents our committee in this regard. He has indicated that the committee would approve either my bill or House bill 12720, which are identical in language, if I were to offer either of them as an amendment to the pending bill, to constitute an additional section of it.

Accordingly, Mr. President, I send to the desk an amendment which I ask to have stated, and to have included as section 3 of the bill.

The PRESIDING OFFICER. The amendment will be stated.

The LEGISLATIVE CLERK. On page 2, following line 2, it is proposed to insert:

SEC. 4. (a) Subsection (d) of section 1 of the act of June 28, 1948 (16 U. S. C. 407m), is hereby amended by striking out the colon and inserting in lieu thereof, immediately before the proviso, the following: "and certain land and buildings adjoining 'project E', being known and numbered as 8, 10, and 12 North Second Street, and 201, 203, 205, 207, 209, 211-213, 215, 217, 219, and 221 Market Street."

(b) The first sentence of section 6 of such act of June 28, 1948 (16 U. S. C. 407r), is amended by striking out "\$7,700,000" and inserting in lieu thereof "\$7,950,000."

Mr. O'MAHONEY. Mr. President, I wish to state for the RECORD that 10 years ago I had a part to play in the approval by the Committee on Interior and Insular Affairs, and later the passage by the Senate, of the act of June 28, 1948, to establish Independence National Historical Park, in the city of Philadelphia. I know how worthy that project is.

The amendment the Senator from Pennsylvania has offered to the pending bill has, as he has said, been approved by the House committee. It is in entire harmony with the pending measure. On behalf of the committee, I am very willing to accept the amendment, and also

to take it to conference, if that should be necessary.

Mr. CLARK. Mr. President, I should like to express my deep appreciation and gratitude to my friend, the Senator from Wyoming, for his consideration in this regard; and I should also like to express my appreciation and gratitude to my good friend on the other side of the aisle [Mr. HRUSKAL], who has also agreed to the amendment, in order that this needed procedure may be taken to expedite the matter at issue.

Mr. MORSE. Mr. President, will the Senator from Pennsylvania yield to me?

Mr. CLARK. I am happy to yield.

Mr. MORSE. I understand the project is a most meritorious one, indeed; and I wish to commend the Senator from Pennsylvania for his sponsorship of it.

Do I correctly understand that the amendment authorizes the acquisition of additional property which it has been decided is needed in order to carry out the full purposes of the project?

Mr. CLARK. That is correct. Christ Church, in Philadelphia, as the Senator from Oregon knows, is one of the old, historical landmarks. Christ Church cemetery is where Benjamin Franklin is buried. The amendment merely authorizes the acquisition of sufficient additional property, so that access to Christ Church and the historical shrine where so many distinguished Americans are buried can properly be protected as a part of this great national historical park.

The PRESIDING OFFICER. The question is on agreeing to the amendment of the Senator from Pennsylvania [Mr. CLARK].

The amendment was agreed to.

The PRESIDING OFFICER. If there be no further amendment to be proposed, the question is on the engrossment of the amendment and the third reading of the bill.

The amendment was ordered to be engrossed, and the bill to be read a third time.

The bill (H. R. 1244) was read the third time, and passed.

CONVEYANCE OF RIGHT, TITLE AND INTERESTS IN CERTAIN REAL PROPERTY TO STELLA VUSICH

The bill (H. R. 2689) to provide for the conveyance of all right, title, and interest of the United States in and to certain real property to Stella Vusich was announced as next in order.

The PRESIDING OFFICER. Is there objection to the present consideration of the bill?

Mr. MORSE. Mr. President, I have no objection to the bill; but I ask unanimous consent to have printed at this point in the RECORD a statement I have prepared concerning it.

There being no objection, the statement was ordered to be printed in the RECORD, as follows:

STATEMENT BY SENATOR MORSE

H. R. 2689 would authorize the conveyance of all right, title, and interest of the United States in and to certain real property to a Stella Vusich.

The purpose of the bill is to remove a cloud on the title to the land in question. The United States, however, reserves all rights to oil, gas, and other minerals in the land.

According to the committee report, the land was part of a right-of-way granted to the Southern Pacific Railroad under an act of 1871. The railroad did not use the right-of-way and apparently disposed of it. An act of 1922, however, validates such dispositions only if the right-of-way is abandoned or forfeited by decree of a court of competent jurisdiction or act of Congress. The land was not abandoned in this manner.

This bill is similar to many other bills passed by Congress in the past few years, and is designed merely to remove a cloud on the title.

No objection of Morse formula is involved.

The PRESIDING OFFICER. Is there objection to the present consideration of the bill?

There being no objection, the bill (H. R. 2689) was considered, ordered to a third reading, read the third time, and passed.

FURNISHING OF HEADSTONES OR MARKERS FOR DECEASED MEMBERS OF THE ARMED FORCES

The bill (H. R. 4381) to amend the act of July 1, 1948, to authorize the furnishing of headstones or markers in memory of members of the Armed Forces dying in the service, whose remains have not been recovered or identified, or were buried at sea, was considered, ordered to a third reading, read the third time, and passed.

Mr. O'MAHONEY. Mr. President, I have before me Calendar No. 2122, which appears not to be on the printed calendar.

The PRESIDING OFFICER. The Chair informs the Senator from Wyoming that that bill was passed on a previous occasion.

Mr. O'MAHONEY. I thank the Chair.

QUITCLAIM OF CERTAIN LAND TO KENTUCKY

The bill (H. R. 4503) to provide that all interest of the United States in a certain tract of land formerly conveyed to it by the Commonwealth of Kentucky, shall be quitclaimed to the Commonwealth of Kentucky was announced as next in order.

Mr. MORSE. Mr. President, H. R. 4503 provides that all interests of the United States in approximately 12 acres of land located in Kentucky shall be conveyed to the Commonwealth of Kentucky without consideration.

The Department of the Army reports that the property which was originally conveyed to the Government, without consideration by the State of Kentucky, for a particular purpose, is now surplus to its needs. The Department of the Army under the bill retains the rights to cross the land involved as are required for the operation, repair, maintenance, or reconstruction of existing or future improvements on the river.

Because the property is no longer needed for the purposes for which it was intended, the bill does not violate the Morse formula.

Mr. President, I make this statement for the benefit of the researchers in the Library of Congress, who apparently do not understand the consistent application of that particular formula. At no time have I applied it to a piece of property which was given to the Federal Government by a State, a municipality, or other donor for a specific Federal purpose and, when that purpose has been accomplished or can no longer be subserved, the property went back to the donor. That is not like the Oregon case which came up earlier this afternoon. In the Oregon case the property was given to the Federal Government, and thereby to all the taxpayers of the United States, as an out-and-out gift. It belongs to the people of the United States. The fact that now a city in my State seeks to get property back without any consideration at all, because it was originally given to the Federal Government, is a clear violation of the Morse formula.

Let me repeat, when a piece of property is given to the Federal Government for a specific Federal purpose and the Federal Government thereafter ceases to exercise that purpose, the Morse formula is not violated when the property is then given back to the donor, in this case the State of Kentucky. It is not a violation of the Morse formula.

Mr. COOPER. Mr. President, I appreciate very much the correct statement by the Senator of facts which are applicable to H. R. 4503. The Senator from Oregon has made a very clear distinction between this case and a case in which he calls into application his formula, and I thank him for his statement.

The PRESIDING OFFICER. Is there objection to the present consideration of H. R. 4503?

There being no objection, the bill was considered, ordered to a third reading, read the third time, and passed.

ENLARGEMENT OF HEADQUARTERS SITE FOR ISLE ROYALE NATIONAL PARK, MICH.

The bill (H. R. 5450) to authorize the enlargement of the administrative headquarters site for Isle Royale National Park, Mich., was considered, ordered to a third reading, read the third time, and passed.

REVISION OF BOUNDARY OF KINGS CANYON NATIONAL PARK, CALIF.

The bill (H. R. 6038) to revise the boundary of the Kings Canyon National Park, Calif., was considered, ordered to a third reading, read the third time, and passed.

EXCLUSION OF CERTAIN LANDS FROM THE SEQUOIA NATIONAL PARK, CALIF.

The bill (H. R. 6198) to exclude certain lands from the Sequoia National Park in the State of California, and for other purposes was considered, ordered to a third reading, read the third time, and passed.

AUTHORIZING THE SALE OR EXCHANGE OF CERTAIN
LANDS OF THE UNITED STATES SITUATED IN PIMA
COUNTY, ARIZ.

AUGUST 7, 1958.—Committed to the Committee of the Whole House on the
State of the Union and ordered to be printed

Mrs. FROST, from the Committee on Interior and Insular Affairs,
submitted the following

REPORT

[To accompany H. R. 12242]

The Committee on Interior and Insular Affairs, to whom was referred the bill (H. R. 12242) to authorize the sale or exchange of certain lands of the United States situated in Pima County, Ariz., and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE

The purpose of H. R. 12242, introduced by Congressman Udall, is to permit the Secretary of Agriculture to convey to the board of regents of the higher educational institutions of Arizona approximately 349 acres of land in the Coronado National Forest either by sale or in exchange for other lands owned by the State and located within a national forest. The land is near Tucson in an area that is becoming urbanized.

NEED

The University of Arizona, which now occupies space on the property proposed to be conveyed for its use, needs to acquire title to the property in order to develop its educational and research program. The Department of Agriculture, on the other hand, no longer needs all of the lands and improvements covered by H. R. 12242. Enactment of the bill will, therefore, permit an adjustment to meet the needs and suit the convenience of both parties. The lands covered by H. R. 12242 were, for the most part, donated to the United States; those that were not acquired by donation were acquired from the State by exchange. The bill requires that, if the

lands are sold to the State, the United States shall be paid 50 percent of their appraised value; that they shall be used only for research and educational purposes and shall revert to the Government if they cease to be so used; and that adequate space and facilities to meet the continued needs of the Department of Agriculture shall be made available by the university. If the lands are exchanged, the United States will receive other lands and improvements of value at least equivalent to those given up.

COST

Enactment of H. R. 12242 will entail no cost to the Government.

DEPARTMENTAL RECOMMENDATIONS

The Department of Agriculture recommends enactment of the bill. The Department of the Interior has no objection to enactment. The reports of these two departments follow:

DEPARTMENT OF AGRICULTURE,
Washington, D. C., June 9, 1958.

HON. CLAIR ENGLE,
*Chairman, Committee on Interior and Insular Affairs,
House of Representatives.*

DEAR CONGRESSMAN ENGLE: Reference is made to your request of May 14, 1958, for the views of this Department on H. R. 12242, a bill to authorize the sale or exchange of certain lands of the United States situated in Pima County, Ariz., and for other purposes.

This Department recommends that H. R. 12242 be enacted.

The bill would authorize the Secretary of Agriculture to exchange or sell all or any part of about 349 acres of national-forest land and improvements thereon to the board of regents of the university and State colleges of Arizona. The national-forest land which would be exchanged or sold to the board is located in sections 10 and 15, township 14 south, range 13 east, Gila and Salt River base and meridian.

Lands which would be conveyed to the United States in exchange must be within a national forest in Arizona. They would become parts of the national forests in which they are situated, and would be subject to all laws, rules, and regulations applicable to lands acquired under the act of March 1, 1911 (36 Stat. 961). The bill would require that the lands conveyed to the United States in exchange have a value at least equal to the lands and improvements conveyed to the board.

Lands sold to the board under the bill would be sold for a sum equal to 50 percent of appraised value, as determined by the Secretary, and the sale would be subject to the following conditions: (1) Future use of the property would be for research or educational purposes with provision for reversion of title to the United States if such use ceases, and (2) the board would enter into an agreement satisfactory to the Secretary to continue providing space and other facilities for the work of the Department of Agriculture.

Lands conveyed in exchange by either party or sold by the Secretary would be subject to other reservations, as both parties may approve.

The property of the United States, known as the Tumamoc Hill property, is located just outside the city limits of Tucson, Ariz., about

3 miles west of the city center. The land now owned by the Federal Government consists of about 229 acres donated in 1940 by Carnegie Institution of Washington, D. C., and 120 acres conveyed by the State in 1950 in exchange for national-forest lands. This exchange was made pursuant to the General Exchange Act of March 20, 1922 (42 Stat. 465; 16 U. S. C. 485), and the act of August 15, 1949 (63 Stat. 607). The latter act also made both the donated and exchanged lands at Tumamoc Hill parts of the Coronado National Forest.

Before donating the property, the Carnegie Institution used it for 38 years as a site for a desert laboratory for research pertaining to desert vegetation. After the donation was made, the Forest Service in this Department moved the headquarters of its Southwestern Forest and Range Experiment Station there. The station was located there until 1953, when it was consolidated with the Rocky Mountain Forest and Range Experiment Station, with combined headquarters at Fort Collins, Colo. A branch of the station, the Tucson Research Center, was then established on the site.

Three buildings were on the land when it was donated by the Carnegie Institution. Since that time, other buildings have been added and other improvements made. Present improvements consist of 8 buildings, totaling some 10,000 square feet of office and laboratory floorspace, vehicle-storage space, and appurtenances consisting of a water system, powerlines, roadways, walks, and fences.

Presently, part of the improvements and facilities at Tumamoc Hill are being used by both the Department and the University of Arizona. The university is using about 2,500 square feet of building space under a cooperative agreement with the Forest Service. Present use of the facilities by the Department is as follows: (a) About 1,100 square feet by the Agricultural Research Service; (b) about 2,000 square feet by the Tucson Research Center; and (c) about 3,000 square feet by the Coronado National Forest.

The University of Arizona is furnishing office, laboratory, shop, storage, and greenhouse space to a number of agencies in the Department. Thus, some 12,500 square feet of space is being provided to the Agricultural Research Service, Soil Conservation Service, and Agricultural Marketing Service. Of this, some 2,450 square feet is furnished by the university on its campus, and the balance is located elsewhere in the State. In addition, about 180 acres of experimental farmland is being made available to the Agricultural Research Service in various locations throughout the State.

The university wishes to expand its use of the Tumamoc Hill property, but is hampered in developing the property to the extent needed because its occupancy is subject to a terminable agreement with the Forest Service. In order to go forward with a more complete program, the university needs to obtain title to the property. On the other hand, the Department's use of the property has diminished to a point where the Forest Service and the Agricultural Research Service no longer have need for the entire facilities located there. In addition, it has been determined that other agencies of the Department which function in the Tucson area have no need for the type of facilities located on Tumamoc Hill.

The land at Tumamoc Hill is part of the Coronado National Forest. By act of Congress, it is not subject to disposal under existing land-exchange or other disposal authorities available to this Department.

It is located far outside the main body of the forest and near the city. Through city expansion, it is attaining urban characteristics. In view of these circumstances, the Department would favor disposing of the property in order to make it available to the University of Arizona for educational and research purposes. The bill would permit this by authorizing a sale or exchange with the board of regents.

Because of the circumstances described in this report and the conditions of sale as set forth in the bill, the Department would have no objection to sale of the property for a sum equal to 50 percent of the appraised value. If a sale is made, continued use of the property for research or educational purposes would be required or title would revert to the United States. Also, as may be agreed upon, the university would continue to provide space and facilities for the work of the Department of Agriculture.

The Bureau of the Budget advises that there is no objection to the submission of this report.

Sincerely yours,

E. T. BENSON, *Secretary.*

DEPARTMENT OF THE INTERIOR,
OFFICE OF THE SECRETARY,
Washington, D. C., June 17, 1958.

HON. CLAIR ENGLE,

*Committee on Interior and Insular Affairs,
House of Representatives, Washington, D. C.*

DEAR MR. ENGLE: This is in reply to your request for the views of this Department on H. R. 12242, a bill to authorize the sale or exchange of certain lands of the United States situated in Pima County, Ariz., and for other purposes.

We would not object to the enactment of H. R. 12242.

H. R. 12242 would authorize the Secretary of Agriculture to convey some 349 acres of national-forest lands, together with the improvements thereon, to the board of regents of the university and State colleges of Arizona for the use of the University of Arizona. This conveyance could be made in either of two ways. It could be made in exchange for lands, within any of the national forests in Arizona, conveyed to the United States by the State of Arizona or by the board of regents. If such an exchange were made, the lands conveyed to the United States would have to have a value at least equal to the lands and improvements conveyed to the board, and would become parts of the national forests within the exterior boundaries of which they were situated, subject to all the laws, rules, and regulations applicable to such forests. The alternate basis for conveyance by the Secretary of Agriculture would require the payment of a sum of money equal to 50 percent of the value of the appraised lands, as determined by that Secretary. If this second type of conveyance were made, the board would take the lands subject to two conditions in particular; i. e., that the lands would be used for research or educational purposes, upon penalty of reverter to the United States in the event that the lands were not used for such purposes, and that the board would afford suitable space and facilities for the work of the Department of Agriculture. Other conditions, reservations, and exceptions could be made by the Secretary of Agriculture.

We understand that the land described in H. R. 12242 is part of the Coronado National Forest and is all or part of the desert laboratory of the Southwest Forest and Range Experiment Station of the Department of Agriculture. This land was acquired, in part, pursuant to the act of August 15, 1949 (63 Stat. 606, ch. 428), which provided that these lands when acquired should become part of the Coronado National Forest, and be subject to the laws and regulations governing national forests, but should be "reserved from entry and location under the public lands and mining laws of the United States as an experimental area for watershed management and range research. * * *" The remainder of the lands described in H. R. 12242 is probably acquired land, also.

It is, thus, clear that this Department has little concern with the lands concerned, and that they are not directly related to any departmental program. They are, apparently, improved and are, at least to a large extent, acquired lands. We have no knowledge of either the reasons for this bill nor of its merits. The comments of the Department of Agriculture would, of course, be pertinent.

The Bureau of the Budget has advised that there is no objection to the submission of this report to your committee.

Sincerely yours,

ROGER ERNST,
Assistant Secretary of the Interior.

COMMITTEE RECOMMENDATION

The Committee on Interior and Insular Affairs recommends enactment of H. R. 12242.

A BILL

To authorize the sale or exchange of certain lands of the United States situated in Pima County, Arizona, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*
3 That all or any part of the national-forest lands comprised
4 of 349 acres, more or less, and being situated in sections 10
5 and 15, township 14 south, range 13 east, Gila and Salt
6 River base and meridian, together with the improvements
7 thereon, may be conveyed to the board of regents of the
8 university and State colleges of Arizona, hereinafter called
9 “board”, a body corporate of the State of Arizona, for the use
10 of the University of Arizona, by the Secretary of Agricul-

1 ture, hereinafter called "Secretary", either (a) in exchange
2 for lands to be conveyed to the United States by the board
3 or by the State of Arizona, within any of the national forests
4 in the State of Arizona, having a value at least equal to the
5 lands and improvements to be conveyed to the board: *Pro-*
6 *vided*, That any lands conveyed to the United States under
7 the provisions of this Act shall thereupon become parts of
8 the national forests in which they are situated and shall be
9 subject to all laws, rules, and regulations applicable to lands
10 acquired under the Act of March 1, 1911 (36 Stat. 961),
11 as amended, or (b) for a sum of money equal to 50 per
12 centum of the appraised value thereof, as determined by the
13 Secretary, the conveyance to be made upon the condition
14 that the described property shall be used for research or
15 educational purposes and that if it ceases to be so used the
16 title thereto shall revert to the United States, which shall
17 have the immediate right of reentry thereon, and upon the
18 further condition that the board shall enter into such agree-
19 ment as may be satisfactory to the Secretary to continue
20 to provide suitable space and other facilities for the work
21 of the Department of Agriculture as may be agreed upon.
22 The lands conveyed by either party under (a) or by the
23 Secretary under (b) may be subject to such other reserva-
24 tions, exceptions, and conditions as the Secretary and the
25 board may approve.

HIGHLIGHTS: Senate concurred in House amendment to farm bill. House rejected: Food stamp plan bill. Omnibus housing bill. House appointed conferees on bill to extend Public Law 480, and supplemental appropriation bill. Senate passed bill to extend Mexican farm labor program.

HOUSE

1. FOOD STAMPS. The "Daily Digest" states that "by a record vote of 196 yeas to 187 nays the House rejected a motion to suspend the rules and pass with amendments H. R. 13067, to provide for the establishment of a food-stamp plan for the distribution of \$1 billion worth of surplus food commodities a year to needy persons and families in the U. S." Since all of the House proceedings for August 18 does not appear in the Congressional Record for this date, only part of the debate on this bill appears in the Record. pp. D870-71, 16888-90
2. HOUSING. Voted, 251 to 134, to suspend the rules and pass S. 4035, the omnibus housing bill. Since this was not the required two-thirds vote for the passage of a bill under suspension of the rules, the bill was rejected. pp. 16788-812
3. APPROPRIATIONS. Conferees were appointed on H. R. 13250 the supplemental appropriation bill for 1959. Senate conferees have been appointed. p. 16842

Be it enacted, etc., That the boundaries of the Siskiyou National Forest in the State of Oregon are hereby extended to include sections 31 through 36, township 35 south, range 13 west, Willamette meridian, and to include all lands not presently included within the boundaries thereof in township 35 south, ranges 11 and 12 west and township 34 south, range 11 west, Willamette meridian. Subject to valid and existing claims, all lands of the United States within the area to which such boundaries are extended are hereby made parts of the Siskiyou National Forest and hereafter shall be subject to the laws, rules, and regulations relating thereto: *Provided*,

SEC. 2. Mining locations hereafter made under the mining laws of the United States upon the lands to which the boundaries of the Siskiyou National Forest are extended by section 1 of this act shall confer on the locator the right to occupy and use only so much of the surface of the land covered by the location as may be reasonably neces-

ary to carry on prospecting, mining, and beneficiation of ores, including the taking of mineral deposits and timber required by or in the mining and ore reducing operations, and no permit shall be required or charge made for such use or occupancy: *Provided*, That the cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the rules for timber cutting on adjoining national forest land, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining and prospecting shall be allowed except under the national forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of national forest regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral development.

SEC. 3. All patents issued under the United States mining laws affecting lands to which the boundaries of the Siskiyou National Forest are extended by section 1 of this act shall convey title to the mineral deposits within the claim, together with the right to cut and remove so much of the mature timber therefrom as may be needed in the extraction, removal, and beneficiation of the mineral deposits, if the timber is cut and removed in accordance with the rules and regulations for timber cutting on adjoining national forest lands, but each patent shall reserve to the United States all title in or to the surface of the lands and products thereof, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining or prospecting shall be allowed except under the national forest rules and regulations.

SEC. 4. Valid mining claims within the area to which the boundaries of the Siskiyou National Forest are extended by section 1 of this act existing on the date of this act and hereinafter maintained may be perfected under the laws under which they were initiated.

The SPEAKER pro tempore. Is there

objection to the request of the gentleman from Colorado [Mr. ASPINALL]?

There was no objection.

The Clerk read the Senate bill, as follows:

Be it enacted, etc., That the boundaries of the Siskiyou National Forest in the State of Oregon are hereby extended to include sections 31 through 36, township 35 south, range 13 west, Willamette meridian, and to include all lands not presently included within the boundaries thereof in township 35 south, ranges 11 and 12 west, and township 34 south, range 11 west, Willamette meridian. Subject to valid and existing claims, all lands of the United States within the area to which such boundaries are extended are hereby made parts of the Siskiyou National Forest and hereafter shall be subject to the laws, rules, and regulations relating thereto: *Provided*, That the Secretaries of the Interior and Agriculture are authorized to exchange administrative jurisdiction of lots 4 and 11, section 19, township 34 south, range 11 west, Willamette meridian, which are revested Oregon and California Railroad grant lands, and national forest lands in the State of Oregon of approximately equal aggregate value under the provisions of section 2 of the act of June 24, 1954 (68 Stat. 271), and said lots 4 and 11 upon completion of such exchange of jurisdiction, but not before, shall be subject to all provisions of this act.

SEC. 2. Mining locations hereafter made under the mining laws of the United States upon the lands to which the boundaries of the Siskiyou National Forest are extended by section 1 of this act shall confer on the locator the right to occupy and use only so much of the surface of the land covered by the location as may be reasonably necessary to carry on prospecting, mining, and beneficiation of ores, including the taking of mineral deposits and timber required by or in the mining and ore reducing operations, and no permit shall be required or charge made for such use or occupancy: *Provided*, That the cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the rules for timber cutting on adjoining national forest land, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining and prospecting shall be allowed except under the national forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of national forest regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral development.

SEC. 3. All patents issued under the United States mining laws affecting lands to which the boundaries of the Siskiyou National Forest are extended by section 1 of this act shall convey title to the mineral deposits within the claim, together with the right to cut and remove so much of the mature timber therefrom as may be needed in the extraction, removal, and beneficiation of the mineral deposits, if the timber is cut and removed in accordance with the rules and regulations for timber cutting on adjoining national forest land, but each patent shall reserve to the United States all title in or to the surface of the lands and products thereof, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining or prospecting shall be allowed except under the national forest rules and regulations.

SEC. 4. Valid mining claims within the area to which the boundaries of the Siskiyou National Forest are extended by section 1 of

this act existing on the date of this act and hereafter maintained may be perfected under the laws under which they were initiated.

MR. ASPINALL. Mr. Speaker, I offer a motion.
